I would like to congratulate the following students:-

- **Emily Jones** and **Mikaela Webster** who were part of the Combined High Schools Choral Performance “In Concert” at the Opera House in Sydney today.
- the students in the Boccia Team who won the competition in Wagga Wagga on Friday. They have the opportunity to go to Sydney for the second year in a row.
- students in the debating teams who performed very well last week.
- the students who helped out at the Henty Public School’s Athletics Carnival. A great job in helping the carnival run smoothly.
- students in Rosewall House who very narrowly won the Athletics Carnival.

Good luck to all our students who will be involved in the Zone Athletics Carnival in Albury tomorrow. We have a large number of competitors and volunteers involved in the day.

A final reminder that the first full school Parent, Student and Teacher Conference Sessions will be held this Wednesday from 4 to 7pm in the school hall. Bookings are being made through the online booking system. If there are any issues with bookings, please contact the front office.

**ROTARY CLUB PRESENTATION**

Lucy Godde, Victoria Leov and Sarah Bahr were invited to speak about their World Challenge experience at Henty Rotary last week. The presentation was enthusiastically received by the members who enjoyed the presentation and asked many questions afterwards.

The girls amused the Rotarians when they explained they made bookings throughout the trip using “old style” phones with buttons instead of touch screens. Most Rotarians had the old technology types themselves!

**LIVESTOCK TEAM**

**New Steers**

With our sights focussed on the Royal Melbourne Show in September the team has so far acquired 4 steers, with a further 2 or 3 to come. Before school and during lunch students spend time feeding and quietening the animals so they can be handled safely in the coming months.

**CopRice Sponsorship**

We have been very fortunate to once again receive sponsorship from CopRice at Leeton who will supply us with $4000 worth of feed. Their generous support is vital to keep our program running and we greatly appreciate their interest and involvement in our team.

MARINE STUDIES
The Marine Studies African Cichlid Breeding Program has been a success. Two previous attempts had been unsuccessful with the fry (baby fish) being eaten. To overcome this problem a hatchery was purchased.

The mother with fertilised eggs in her mouth was isolated, (Cichlids are “mouth brooders”) and after 3 weeks released 8 fry into the hatchery. To date, “mother and children” are doing fine.

Parent Teacher Interviews -

Parent Teacher Conference Interviews will be held Wednesday the 20th of May. Parents are asked to book online using the login details emailed previously.

If you are unable to find the email or cannot book online please contact the school on 02 6029 8377.
